We need the KLPs headed this way tomorrow. If they can do that without the paperwork being done before tonight, the. It sounds like we're good. If they're waiting on the WAF to buy tickets, it needs to be done sooner.

Nice, thanks Duc. Requests will be coming from unified command. The first is for KLPs for Gold King response (Craig Myers or Janice Pearson have better information) and cost estimate is about \$12,000.

The second is to transition USCG support from region 9 and provide continued support for the mine restoration efforts. I should have a better understanding of the actual scope and costs later today.

Of course, both are on quick turn-around. - lw

Hi Laura,

Just let me know a number of USCGs, general tasks, schedule then I will generate a New WAF tonight. We still have more than \$100k in the IAG.

Thanks

Hi Joe,

I am in the field and don't have all of documents with me to verify the remains dollars for the referenced IAG. It should be more than \$75k. My suggestion is to go ahead to issue a new WAF with the available amount then I will amend the WAF when I am back the office next week.

Thanks.

Laura,

My apologies. IAGs are funded via contracts (so we do have more than the \$75k referenced). I would still agree that we need to wait until we receive the additional funds from HQs before providing any funds – unless HQs is providing additional funding attached to this request.

Joe

Thank you Robin. Unfortunately, I've been told that we only have \$75,000 in the IAG at present. Was HQ providing any dollars with the request? If not, I need to wait until they provide additional funds (expected today) and allocate them to the IAG. Also, are you taking care of the associated SOW? - lw

Robin Coursen just stopped by and said that she has been requested to use your BOR TA interagency agreement to fund a WAF for about \$125,000 to BOR for some investigation work at Gold King. Please confirm this is the vehicle and funding for this.

Hi Duc,

I suggest you send a notice to the OSCs and to your counterpart to let them know this has finally been awarded.

Dear Interagency Agreement (IA) Recipient:

Attached is a pdf version of an IA between the U.S. EPA and your Federal Agency. A signature from your authorizing representative is required in box 41 of the EPA 1610 form for the IA to be obligated and legally binding. Please pdf scan the fully executed IA within 3 weeks to the EPA Project Officer as well as the IA specialist listed on the IA agreement.

If you have any questions or comments with respect to the IA, please direct

them to the EPA Project Officer or the IA Specialist listed on the document.

We look forward to working with your organization for the successful completion of this project.
